

Activity Report of the European Pole of Knowledge

from April 2024 to May 2025

All services offered by the European Pole of Knowledge network to schools were completely free of charge. The network received support from the teachers' bonus on a voluntary basis.

- School complexes, universities, associations, foundations registered in the network: 4,215
- Teachers reachable by the network's initiatives: not less than 250,000
- Participating teachers present hours in projects and training: 181,000

EUROPEAN PROJECTS

European projects successfully completed in 2024:

- reMIND Erasmus KA 204 - developing and testing an innovative community-based care ecosystem to improve the well-being of people with dementia and their caregivers.
- RObotics versus BullYing Erasmus KA3 policy reform - promotion and experimentation of robotics activities against bullying.
- Power of Creativity Erasmus KA 204 - new digital, interactive, and creative teaching methods in working with people with disabilities; it will also help increase the social inclusion of disabled adults, preparing them for a digitized society.
- Out of the Net Erasmus KA 201 - prevention of Hikikomori syndrome through creative socializing activities in primary school.
- VILMA Erasmus KA 204 - teaching traditional crafts for job placement.
- DDMath Erasmus KA205 - Development of new tools for teaching mathematics to blind students.
- School Plastic free Movement Erasmus KA3 policy reform - promotion of inclusion and respect for the environment through the research of eco-friendly materials as alternatives to plastic.

Ongoing European Projects of the network as coordinators and partners:

- Let's Care Horizon Europe - research project to identify the determining factors that influence students' safety as the main cause of underachievement, disengagement, and school dropout.
- E-engAGED CERV programme - intergenerational training (youth - elderly) for the prevention of the spread of fake news and the promotion of media literacy.
- No barriers for employment Erasmus KA220 ADU - facilitating the entry of people with disabilities into the world of work.

- Art for Autism Erasmus KA220 YOU - art and creativity to foster the inclusion of young people with autism spectrum disorders. The project will train educators and the young people themselves.
- Erasmus+ KA201 mobility accreditations to the network for Teachers and adults for about 200 participants.

TRAINING COURSES ORGANIZED AND MANAGED BY THE NETWORK

Training courses abroad - European mobility:

- Visibility and Transparency in the Digital World training course in collaboration with PiùPer volunteer organization - Antalya (Turkey) December 1-7, 2024: 14 participants
- Student group mobility - Valladolid (Spain) April 22-27, 2025: 4 participants + 1 accompanying teacher
- Job shadowing - Valladolid (Spain) April 22-27, 2025: 1 participant
- Group mobility for school students - Sofia (Bulgaria) May 6-11, 2025: 49 students + 5 accompanying teachers
- The potential of artificial intelligence for inclusive education training course - Ankara May 11-17, 2025: 36 participants
- Total participants: 105

In-person training courses from June 2024 to May 2025:

- Desire for an educating community: 2 in-person meetings with 61 enrolled - 87 actual participants
- Freinet pedagogy course in Locri with teachers Danielle and Marcel Thorel: 3 in-person meetings with 95 enrolled - 171 actual participants
- Freinet pedagogy course in Bosco Chiesanuova with teachers Danielle and Marcel Thorel: 3 in-person meetings with 61 enrolled - 123 actual participants
- Agricultural skills laboratory, for an individualized PCTO project: 4 in-person meetings with 24 actual participants
- The hundred or thousand dangers of the web, deep web, dark web and beyond into which anyone can fall: 1 meeting at Bicocca: 29 enrolled - 29 actual participants
- Learning the art of bread and pastry: 3 meetings with 76 enrolled - 117 actual participants
- Managing difficult classes? Let's try... (secondary school) with professors Filippo Mantelli and Annalisa De Stasi: 3 meetings with 246 enrolled - 256 actual participants
- Managing difficult classes? Let's try... (kindergarten and primary school) with professor Elena Conte and professor Fabio Celi: 2 meetings with 251 enrolled - 176 actual participants
- Managing difficult classes? Let's try... (secondary school) with professor Fabio Celi: 1 meeting with 107 enrolled - 81 actual participants
- The consequences of the use of new technologies in children with neuroscientist Alberto Oliverio: 85 enrolled - 60 participants
- School-family, adopting a common language in caring for the child with Professor Anna Ferraris: 85 enrolled - 60 participants

- Knowing, understanding and intervening in autism spectrum disorders: 2 meetings with 368 enrolled - 338 actual participants
- In-depth look at Freinet pedagogy and individual techniques: 128 enrolled - 36 participants
- Sa. M.B.A. CodeWeek: 87 enrolled - 33 actual participants
- Environmental civic education: 16 enrolled schools - with 32 actual teachers and 471 actual students
- Friends of the World Schools: 73 enrolled - 8 actual participants
- In-depth look at Freinet pedagogy and individual techniques with Martine Boncourt (May 2-3) - 30 enrolled
- Total in-person participants: 2,103
- Total in-person training hours: 131

Online Events and Training Courses from April 2024 to May 2025:

- Online Freinet pedagogy course: 7 meetings with 244 enrolled - 55 actual participants
- Online English course level A1: 20 meetings with 63 enrolled - 591 actual participants
- Online English course level A2: 20 meetings with 61 enrolled - 704 actual participants
- Online English course level B1: 20 meetings with 69 enrolled - 621 actual participants
- Online English course level B2: 20 meetings with 77 enrolled - 445 actual participants
- Artificial Intelligence and Machine Learning in School - Critical Use of ChatGPT: 10 meetings with 154 enrolled - 640 actual participants
- The hundred or thousand dangers of the web, deep web, dark web and beyond into which anyone can fall: 8 meetings with 212 enrolled - 545 actual participants
- Education and classroom management of gifted and highly gifted students: 12 meetings with 292 enrolled - 896 actual participants
- Children and new technologies with neuroscientist Alberto Oliverio: 1 meeting with 758 enrolled - 481 actual participants
- Play breaks at school with neuroscientist Alberto Oliverio: 1 meeting with 758 enrolled - 393 actual participants
- Reading, writing, calculating... with neuroscientist Alberto Oliverio: 1 meeting with 758 enrolled - 318 actual participants
- Attachment bonds in the first years of life with Professor Anna Ferraris: 1 meeting with 310 enrolled - 341 actual participants
- School as a common good and growth space for a society of respect and care with Alba Panzarella, Alessandro Procacci, Andrea Bellandi Saladini, Chiara Pedrocchi, Laura Marino: 11 meetings with 1615 enrolled - 1019 actual participants
- Coding without barriers - Tinkering: 3 meetings with 165 enrolled - 258 actual participants
- Coding without barriers - STEAM: 2 meetings with 95 enrolled - 85 actual participants
- Coding without barriers - Coding Unplugged: 3 meetings with 215 enrolled - 193 actual participants
- Pedagogy for nonviolence: 6 meetings with 296 enrolled - 401 actual participants
- Total participants: 8,053
- Total training hours: 326

Some activities were financed by our network and carried out in collaboration with the Autism branches network, ED.UMA.NA, and by Energy for Human Rights and Digital Civic Academy.

SUMMARY

- Number of training courses (total): 45
- Number of individual lessons: 201
- Number of training hours provided between in-person and online (total): 479
- Number of training enrollees (total): 6,542
- Number of hours present in training (total): 168,644
- Total views of the video recordings of the courses on Tubedu: 36,000 views
- Total video recordings uploaded to the network's Tubedu.org platform: 703

TRAINING AND MOBILITY ACTIVITIES ALREADY PLANNED

starting from June 2025

- Group mobility in collaboration with CER.CO.GEM. and Più di un sogno - Sofia (Bulgaria)
June 1-7, 2025: 17 participants
- The school as a social value and antidote to the mafia with Alessandra Dolci - May 9, 2025:
200 participants
